Improved access with reduced wait times.
 All consultations by FRCPC Specialists ~ Collaborative Care
Hours are subject to change, visit our website for updated info.

Additional Information for Patients:

Patients **require a referral** to be seen at the Rapid Access Clinic (RAC) and the referral should be faxed to us. Patients are seen on a first come first serve basis and encouraged to only use the RAC if they are willing to wait in line. Doors open at 7am to start registration. Patients will be seen the same day if registered. The RAC closes as soon as we reach capacity for the day. There are plenty of coffee shops and amenities located in the Distillery District to visit while waiting. Patients require a valid health card and referral to be seen.

The RAC is not to be used for follow-up appointment requests or if patients have recently seen another dermatologist for the same issue. Please note we are unable to see certain issues at our clinic.

Pre-Registration - Please scan this code to prepare for your visit.

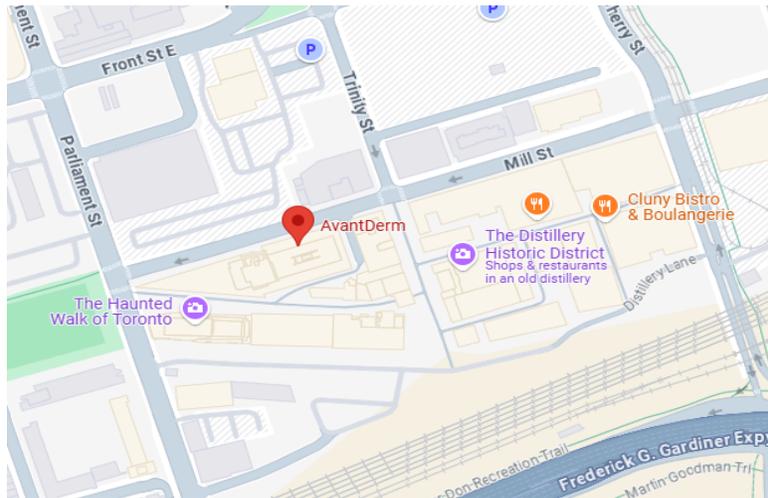

This form is for pre-registration only. Please complete it accurately with your health card information to help speed up full registration.

Note: This does not guarantee an appointment. Final registration is completed once you are inside the clinic. You must still join the line and wait to be fully registered.

AvantDerm is more than just a Dermatology clinic.

We are located in the heart of the vibrant Distillery District, just steps to live theatres, trendy galleries, award-winning restaurants, boutiques and cafes. Our breathtaking architectural features and chic interior embody style and sophistication. Inspired by our artisan neighbours, our clinic combines state-of-the art medical technology with classic distillery design elements. It is well worth arriving early to take a stroll down the gallery-lined cobblestone streets, or to enjoy a coffee at a local café.
